Press Release

Shelter Island Marina & Boatyard in Richmond, British Columbia, Canada chooses the Total Marina Package as their new Marina Management software.

Highland CA, August 2nd, 2010: After reviewing many of the Marina Management systems available today, Shelter Island Marina and Boatyard in Richmond, British Columbia, Canada, has chosen the Total Marina Package by Kord Information Systems, LLC.

“The Total Marina Package has all the features we were looking for to help us save time and money. Some of those features include, an interface to our inventory program, accounts receivable management, and a report designer. Having worked with Annette, we knew her attention to detail and her customer’s needs were way above the competition.” Wendy Bunnett, Office Manager, Shelter Island Marina & Boatyard.

Annette Kord, CEO of Kord Information Systems, LLC is extremely happy to be working with the staff at Shelter Island Marina and Boatyard again. “With the addition of Shelter Island Marina & Boatyard we now have installations covering our two supported accounting methods, Open Item and Accrual methods, and those with and without Dockominium support.”
